**American Vintage Group Announces New Line of Window Coverings**

**Houston, Texas, April 1, 2008** – For years, the primary focus for the American Vintage Group has been the sourcing of innovative, best-in-class product solutions for today’s homes. Through expertise and proper due diligence, AVG continues to fulfill the needs of today’s business owners by bringing strategically sourced and precisely developed products of the highest quality to the US market.

The American Vintage Group is pleased to announce the addition **WoodCreek Window Coverings**<sup>™</sup> to its line of interior finish products. The products now being offered by AVG consist of the following:

- Capri Redi-Made Faux Wood Blinds
- Premier Custom Faux Wood Blinds
- Hill Country Custom Wood Blinds
- Estate Plantation Shutters
- Horizons Arches

The addition of window coverings adds another high-value decorative element to the AVG line of building products.

According to James Babineaux, Director of Business Development for AVG, “we’re extremely pleased to bring the finest in high-quality, high-performance window coverings to the residential new construction and remodeling markets.”
